jQuery  
Bootstrap  
Git  
Windows 10  
Mac OS / Unix  
MS Office

### PROJECTS

#### Health/Fitness Website

[www.swolecalc.com](http://www.swolecalc.com)

My first project used for calculating certain health and weight lifting goals.

Built with:

- HTML, CSS, JavaScript, Bootstrap

### EXPERIENCE

#### Personal Shopper | Walmart 06/18 - 11/18

- Responsible for finding the appropriate items and labeling them.
- Deliver quality, personalized customer service.
- Meet and exceed new sales goals.

#### Glass Installer | Sunbelt Glass, LLC. 07/17 - 06/18

- Responsible for cutting, assembling, fitting, and attaching metal-framed glass enclosures for office buildings, businesses, in home windows, etc.
- Driving trucks to installation sites, and unload mirrors, glass equipment, and tools.

#### Mover | Two Men and a Truck 04/17 - 07/17

- Safely move/pack/unpack customers' belongings by utilizing all of the proper moving equipment and techniques.
- Communicate with each customer in a professional manner to ensure customer satisfaction.
- Assist driver/trainer with pre/post trip truck inspections and moving equipment inventory.
